Youth/Young Adult Learning Outcomes

Name: _____ Date(s) Established _____ Date(s) Evaluated _____

Develop youth or young adult learning outcomes that are specific to the particular job or Internship. Work together to identify reasonable and measurable learning objectives based on academic enrichment or career development potential through the job or Internship, as well as personal development objectives tied to youth development principles.

Academic Enrichment and Career Development Student Learning Outcomes		
These objectives are related to workplace opportunities that enhance academic learning as well as the youth or young adult's career interests. The youth, worksite supervisor, and program staff determine what learning opportunities are available and appropriate and set learning objectives together.
